About the Province of Ilocos Norte

To make sure you cover everything the Philippines has to offer, start right at the top! Ilocos Norte is the perfect beginning to an exciting adventure.

Long before the coming of the Spaniards, there existed an extensive region which was renowned for its gold mines. Merchants from Japan and China often visited the area to trade. The inhabitants of the region called their place “samtoy”, from “sao mi ditoy”, which literally meant “our language”. The Spanish colonization in Ilocos year 1572 was never completely successful. Products such as tobacco and basi (sugarcane wine) were monopolize by the government resulting to uprisings; Basi Revolt being the most noteworthy. The widespread conflict throughout the region led to the division of the old Provincia de Ilocos through Royal Decree in February 2, 1818. Ilocos Norte was born. Since then, the province increased in prosperity. Many towns during this period built bigger stone and brick churches with massive belfries. Under the American regime, new schools, roads, bridges, dikes, and government buildings were constructed.

Start your adventure in Laoag, the capital of Ilocos Norte and the hub of everything Ilocano. The World Heritage Sites and sand dunes of Paoay in the south; the famous white beaches in Pagudpud and gigantic windmills in the north; and the verdant mountains and tribal villages in the east are at least and hour’s drive away.
Things to know

Getting Around . . . .

The most convenient way of going around the province is by booking a tour van through a registered travel agent or your hotel. Average price is P3, 500.00 for the whole day, inclusive of a private chauffeur. If you’re more adventurous, you can commute by bus for approximately P25.00-P60.00 per passenger. Jeeps that ply the common routes have an average fee of P11.00 per kilometre. Tricycles offer the easiest way to get around town, especially if short distance are involved. A P11.00 payment is charged for the first kilometer, after which it is negotiable. If you have time to spare, we recommend a calesa ride around the city. Minimum charge is P15.00 for the first kilometer.
Where to Stay....

The kind of accommodations you get differ from an area to another. Laoag, Pagudpud, San Nicolas and Currimao have the greater concentration of hotels. Higher class hotels can be found outside Laoag while budget and business hotels are within the city proper. Pagudpud resorts range from laid-back to activity-filled options. If a homestay is more of what you’ve looking for, make sure to check if they’re registered or reserve thru trusted booking sites.

Quick Facts....

Geography

Ilocos Norte has a land of 3,662 sq.km., bordered by Ilocos Sur (south), Abra (southeast), Cagayan (east), and South China Sea (west). CITIES 2 (Laoag & Batac)

Towns

21 (Adams, Bacarra, Badoc, Bangui, Banna, Burgos, Carasi, Currimao, Dingras, Dumlup, Marcos, Nueva Era, Pagudpud, Paoay, Pasuquin, Piddig, Pinili, San Nicolas, Sarrat, Solsona & Vintar)

Proximity

By air: 45 minutes from Manila; 55 minutes from Kaoshiung; 80 minutes from Guangzhou, Hongkong & Taipei; and 2.15 hours from Shanghai. By land: 8 hours from Manila; 4 hours from Baguio
Flights
Domestic: Manila (daily) International: Guangdong (chartered)

Seasons
Dry (November to April) and wet (May to October)

Climate
Average temperature is 26.8°C

Population
568,017 (2010)

Religion
Roman Catholic: 54.20%; Aglipay: 28.82%; Evangelicals: 5.12%; Iglesia ni Cristo: 4.37%; Others: 7.49% (end 2007)

Language
Iloko (Ilocano) is the common language, although English and Filipino are widely used.
Clothing

Thin clothing is recommended, although a jacket may be necessary in the evenings during the cooler months (November – February).

Electricity

220 volts, 60 cycles.

Water

Drink only bottled or boiled water.
Laoag International Airport serves as the main gateway to Ilocos Norte. Laoag is just 45 minute flight from Manila. By land, various bus lines serve the Manila – Laoag route for an 8 hour drive. Ilocos Norte is just 477 km north of Manila.

Tourist Destinations & Attractions

When visiting the northern parts of the Philippines for either business or leisure, avoid wasting time and resources on accommodations that will not be able to provide the vacation you deserve. At Plaza Del Norte Hotel & Convention Center in Laoag City, Ilocos Norte, Philippines, you don’t have to worry about such things happening. Here, guests are treated to a value-filled stay, where Ilocos’ Spanish-colonial charms seamlessly blend with contemporary accommodations and conveniences, ensuring you’ll experience the best of the region. Enjoy a selection of rooms that offer continual comfort, location close to the beach and the famous Paoay Church, and services that can handle the little things, so you can focus on what really matters—savoring a fantastic holiday.
Sitio Remedios is a private village resort situated in an 18,000 square meter of land in Barangay Victoria, Currimao, Ilocos Norte, facing the South China Sea. It is a re-created Ilocano village typical of the mid-fifties, and stands as a reminder of a more genteel era. The houses and other buildings are made of vintage bricks and wood salvaged from mid-century structures mostly from the towns of Ilocos Norte. The lay-out is in a grid typical of Spanish times, the quadricula, respectful of spaces and ancient trees, amid which the structures are built. The houses were constructed by workers coming from the towns where the houses were sourced, guided by architect Rex Hofieleña, who without any detailed architectural plans, coached them to surface their innate artistry and skill to build remembrances of their Ilocano past. The Sitio is dedicated to the patron saint of Currimao, St. Michael, the Archangel, and to the Lady of Good Voyage, o Nuestra Señora de los Remedios, the namesake of the mother of the owner, Dr. Joven R. Cuanang.

St. Joseph Church
Dingras, Ilocos Norte

Cultural Treasurers
Ilocos Norte is home to many renowned Philippine cultural treasures:

the Cape Bojeador Lighthouse (NCT) is the tallest of its kind in the country and ‘twas first lit in 1892; the Bacarra Church (NCT), known for its brick architecture; the Sarrat Church (ICP) with its outstanding system of roof trusses, is famed as the longest in Ilocos; and the Spanish Watchtowers (NCT) found throughout the province.
Kapurpurawan Rock Formation
Burgos, Ilocos Norte

Ilocos Rocks
Ilocos Rocks literally and figuratively! The coastline boasts unique rock formations shaped by the powerful waves and winds. Some are creamy-white and massive like the Kapurpurawan Limestone Formation; some streak the beaches and create natural pools like the Currimao Coral Formations; and some come in pairs like the Dos Hermanos Rocks in Pagudpud. Some are pink, black and even volcanic in origin.

Saud Beach
Pagudpud, Ilocos Norte

If you need your dose of vitamin sea, Ilocos Norte’s got you covered. Saud beach is ideal for swimming while Caparispisan and Blue Lagoon are best for water activities, all can be found in Pagudpud. The shallow beaches of Currimao though blotched with broad coral formations are ideal for snorkeling. Not into ivory beaches? We also have grey, brown, and even pebble beaches!

Old Meets New
Laoag, the capital city, is the hub of everything Ilocano. Visit La Tabacalera Ilocano Lifestyle Center and Museo Ilocos Norte to get a glimpse of life in the province during the colonial era; beside it is the Taoid Museum, a museum of the Cordilleras in Ilocos Norte.
Paoay Church

World Heritage

Paoay Church, built from 1694-171, is the most outstanding example of earthquake baroque architecture in the Philippines. The coral stone blocks and brick walls are supported by 24 buttresses. It was inscribed as a UNESCO World Heritage Site in 1993. The massive coral stone bell tower was built half a century later and stands at some distance from the church as protection against damage during earthquakes.

TAOID Museum

Time Travel
There are more museums than malls in Ilocos Norte; there's the provincial museum in Laoag; a museum about the Girl Scouts and rice farming in Dingras; museums of Spanish-era church artifacts in Sarrat and Bacarra; a lighthouse museum in Burgos; tribal museums in Laoag and Nueva Era and many more interesting exhibits found throughout the province.

Ilocana Cordillera
Not known to many, Ilocos Norte is also home to several tribal communities towards the Cordillera Mountains. These areas boast of verdant mountains, grand rivers and waterfalls. Head to the upland Adams and Dumaineg or go further east to Dingras. Solsona and Nueva Era.
Sand Boarding Adventure
Extreme North

It’s adventure time! Extreme sports enthusiasts have a range of options in Ilocos Norte. Sand surf and dune bash the vast sand dunes of Paoay and Laoag, the only desert in Southeast Asia; wind and kite surf the pro waters of Pagudpud; row and paddle through the legendary waters of Paoay Lake National Park; kayak in the rivers and dams; glide like a superhero on our zip lines, over rivers or open sea; and go into a horseback adventure in the rolling hills of Burgos.

The People

The Ilocano people are regarded as family-oriented; placing a high value on education; hardworking; determined; and persevering.

That’s why some say the best product of Ilocos Norte is its people, notably its heroes and presidents, Visit the National Shrines of Juan Luna, Gregorio Aglipay, Artemio Ricarte and Josefa Escoda. The Ilocanos are also deeply religious. They pay homage especially to the provincial patroness, La Virgen Milagrosa de Badoc.

Cape Bojeador
Lighthouse

Built in 1892, the lighthouse stands on a promontory in Burgos, 45 kilometers north of Laoag City. The highest lighthouse in the Philippines.
**Tobacco Monopoly Monument**

The monument was constructed at the foot of the Marcos Bridge to serve as a memorial to the lifting of the Tobacco Monopoly which from 1872 to 1881.

**General Ricarte National Shrine**

Built in honor of General Artemio Ricarte, a native of Batac and a revolutionary hero.

**Marcos Museum & Mausoleum**

The ancestral house of the Marcoses in Batac showcases the memorabilia of the late President Ferdinand E. Marcos. Batac is 471 kilometers north of Manila.
Malacañans of the North

Built as the official residence of then President Marcos in Ilocos Norte, overlooking the legendary Paoay Lake, this imposing structure is now a museum. A minimal entrance fee is collected.

Sinking Bell Tower

Located almost a hundred meters away from the St. William’s Cathedral, the tower has sunk to the ground and leans slightly to the north.

ABOUT ILOCOS NORTE
My warmest greetings to the United Architects of the Philippines as it holds its Joint Area Assembly 2017.

I commend the group for highlighting the significance and relevance of architecture in today’s society. For years, it has taken initiatives to enhance their practice by conducting seminars and fora. Indeed, your organization and its members are crucial in our development efforts in nation-building.

In the coming years, the government has bolstered physical infrastructure to cope with the country’s needs to spur socio-economic growth. I am confident that you shall be at our side when we realize this ambitious and worthwhile endeavor.

Let this gathering foster solidarity and camaraderie among Filipinos towards our goal of a more comfortable and productive life for all. As trailblazers of your respective communities, I encourage each of you to become catalysts for real and lasting changes in the Philippines.

I wish you a meaningful and joyous occasion.

PRESIDENT RODRIGO ROA DUTERTE
16th President, Republic of the Philippines
Greetings of peace and solidarity to the United Architects of the Philippines (UAP)

We are deeply inspired by your commitment to encourage and camaraderie among your members. We laud your dedication to ensure that your industry's best practices are shared by all in the name of progress and cooperation.

We are confident that through this joint area assembly themed, "BUKLOD: Transcending Unity Within," partnerships will be strengthened and a more progressive industry will be sustained.

Congratulations to the United Architects of the Philippines and may you have a meaningful and productive congress.

Mabuhay kayong lahat!

VICE PRESIDENT MARIA LEONOR GERONA ROBREDO
Vice President, Republic of the Philippines
My warmest greetings to the United Architects of the Philippines as you gather for your Joint Area Assembly!

It is our hope that this event will serve as a springboard for productive exchanges regarding architectural standards and innovations; continuing education and building of professional networks; stronger client relations and social responsibility; and the growth of the construction and architecture industry. In line with your theme, “BUKLOD: Transcending Unity from Whithin,” and with Ilocos Norte as the host province, we encourag you to exercise the unique Ilocano culture of timpuyog or unity - that powerful social network of families and communities always ready to reach out and help on another in times of crisis and challenges.

We commend your organization for excising corporate social responsibility (CSR), alwayas considering the social and environmental impacts of the industry and ensuring that any growth we experience is equitabl and sustainable in nature. Indeed, green architecture remains an exciting priority of the Provincial Government as we look forward to planning and retrofitting structures with wind flow, solar radiance, heritage trees, and even vertical gardening in place. We thus consider you our valuable partners in developing structures that promote livability, sustainability, and resilience in line with our vision of transforming our province, and the entire country, into the best home for all Filipinos.

HON. IMELDA JOSEFA ROMUALDEZ MARCOS
Governor, Province of Ilocos Norte, Philippines
It is a time-honored tradition for organizations and associations to converge with the very purpose of celebrating and commemorating special events... and make and imprint as well as create awareness of their goals, objectives and aspirations.

I am immensely pleased to greet the United Architects of the Philippines (UAP) which is again making waves by way of its JOINT AREA ASSEMBLY 2017 on October 1-2, 2017 at the Plaza del Norte Hotel and Convention Center, Laoag City guided by the theme “BUKLOD: Transcending Unity Within”.

I am certain that this two day assembly will yield remarkable results of the UAP’s pipeline activities such as Corporate Social Responsibility projects, continuing Professional Development Seminars and Exhibits, with Archites all over the world in attendant.. united and acting cohesively in a coordinated and integrated manner. On the one hand, this assembly is likewise anticipated to buoy up, re-define and empower Architecture, an area of deiscipline, thus giving it a new angle on a broader perspective.

I wish to congratulate this multi-awarded association under the dynamic leadership of its president, Architect Guillermo Hisancha, for this assemblage here in Laoag City, of Archutects on a global scale, a defining moment for this prestigious profession.

May this Joint Area Assembly 2017 ushers in endless opportunities for the UAP to grow and prosper.

Chevylle

HON. CHEVYLLE V. FARIÑAS
City Mayor, Laoag City of Ilocos Norte
My warmest greetings to the United Architects of the Philippines (UAP) and to the participants and huests of your Joint Area Assembly (JAA) this October 2017 with the theme: BUKLOD: Transcending Unity Within.”

We recognize the importance of architects in nation building and development. In this time of the Association of Southeast Asian Nations (ASEAN) integration, it is encouraged that practitioners constantly develop and improve their skills and knowledge in order to be globally competitive. Your theme fittingly reinforces the concept of the integration, particularly the aspect of regional unity. By collectively finding avenues for continuing professional development and strengthening your bond through fellowship and Corporate Social Responsibility projects, you will eventually emerge as a strong and united class, able to put on the table a distinct Philippine brand of design.

I wish for the success of your event. May it be an instrument for you to reaffirm your solidarity as a community of professionals ready to take on the world.

Congratulations and more power to you!

HON. IMELDA ROMUALDEZ MARCOS
District Representative, Ilocos Norte, 2nd District
Warm greetings to the United Architects of the Philippines (UAP): as it holds its Joint Area Assembly with the theme “BUKLOD: Transcending Unity Within”.

Over the past decades, the UAP has played a significant role in promoting professional excellence, maintaining the highest standards of architectural education and practice, and developing innovative designs that advance our nation’s quality of life and safeguard the public’s safety and welfare. Today, as reflected in its apt and timely theme, the UAP exhibits anew its commitment to profession and the members threof by bringing together Filipino architects from around the world to enhance their knowledge and skills, and provide them with updates on the developments in Architecture.

May the discourse of this assembly inspire the participants to excel in their chosen fields of specialization. I look forward to continued collaboration with UAP and the whole architectural community in our endeavor to build and design our country’s landscape.

I wish you have a fruitful and meaningful gathering.

HON. TEOFILIO S. PILANDO
Chairman, Professional Regulation Commission
I offer my warmest congratulations to my beloved organization, the United Architects of the Philippines (UAP), the integrated and accredited professional organization of architects in the Philippines, as it holds its Joint Area Assembly this October 2017.

The Commission fully supports the UAP in its excellent leadership in the architecture profession by assembling and uniting a talented group of Filipino architects with varied backgrounds and perspectives, finding strength in their differences and helping them reach their full potentials. The conduct of Assembly is one of the testaments of UAP’s resolve to reach out to all Filipino architects and promote unity in the profession, which is concisely encapsulated in its theme: “Buklod: Transcending Unity Within.”

Just like the principle of unity in architecture which deals with visual composition in design and highlights the relationship between the visual elements to create structural support and protection, this exercise of unity transcending within the Filipino architects elucidates the main tenet of the national organization and is conspicuously aligned with the agenda of the Commission toward the full integration of the profession to advance further the abilities and capabilities of our Filipino architects toward professional excellence and global competitiveness.

As a proud member of the profession and the Past National President of the United Architects of the Philippines, I pledge my support to the UAP and wish for the success in all of its endeavors. For as the great da Vinci once said, “an arch consists of two weaknesses, which, leaning on each other, become a strength.”

Mabuhay ang United Architects of the Philippines!

HON. YOLANDA DAVID-REYES, FUAAP, HFIAIA, APEC, AR,AA, LIKHA AWARDREE
Professional Regulation Commission Commissioner
Greetings to our fellow architects and delegates of Joint Area Assembly 2017!

Holding hands, patting each other and cracking jokes, the leaders of our professional organization appears to be like genuine friends. This cultivates an image of a peace-loving leader who wants to see the professional organization living in harmony. We have our differences but we are bonded by our profession and our heart for the profession as we solve problems, expand possibilities, heighten awareness, and animate life. In this unity and harmony, we do not have to give up the essence of our individual nature to become part of this larger whole which transcends unity within.

Celebrating the Joint Area Assembly this year is a reminder for all of us towards alliance and unity as we serve our professional and professional organization. When people experience an event as a community, it can transcend and change people lives'. This may not be evident instantly but the positive result of this event will surely be seen afterwards.

May we let this JAA 2017 theme - Buklod: Transcending unity within - be evident through ourselves as we spread out with our ever-increasing quality of service! Let us keep in mind that when leaders can promote a single perception in a broad, sweeping way, it does not bring the value that the sum of multiple diverse perspectives might have. Each one of us has contributions, but only together, will we make it whole.

From the Professional Regulatory Board of Architecture, my warmest regards and congratulations!

Tayo ay Magbuklod! Mabuhay ang Arkitektong Pilipino!

AR. ROBERT S. SAC, FUAP, AA - CHAIRMAN
Board of Architecture, Professional Regulatory Commission
Having a UAP national event outside of the usual urban center is always refreshing. This allows participants from different parts of the country to take time off from their busy schedule to relax, to experience and explore the many sounds, colors and sights of another region.

There are several activities lined up for the two-day assembly. Some of these activities are the CPD Seminars which obviously I am most interested with. I heard that events with CPD credit units are always full of participants. Hopefully, architects are attending these seminars not because of the points they will earn but rather the professional need of updating themselves and learning new things.

CPD is vital to maintaining a high level of professional standard and standing, not only among other countries, but more importantly amongst ourselves. Our citizens need to be confident in the quality of service they receive from their architects, because our work always deals with critical decisions that require expert skills. We cannot allow our professional industry to lag behind and lose the trust and confidence of the people.

I am very happy to share that we have an updated digital CPD calendar of events in the UAP website where architects can easily find any course that has been accredited and all the information they might need regarding CPD.

Finally, organizing an event such as this is not easy but the overall benefits to those involved outweigh the difficult challenges they encounter. Allow me therefore to congratulate the men and women behind this year’s Joint Area Assembly 2017 with the theme: “Buklod: Transcending Unity Within”.

To all participants: Congratulations and MABUHAY!

AR. ROBERT M. MIRAFUENTE, FUAP, AA, APEC, AR
Professional Regulatory Board of Architecture Member
Congratulations to the organizing committee who made this 2017 Joint Area Assembly at Ilocos Norte a great gathering for all the members of the United Architects of the Philippines (UAP) including delegates from all over the world.

May this gathering strengthen the camaraderie amongst 1,000 delegates and guests from various segments of our society.

With the theme: “BUKLOD: Transcending Unity Within”, may the hearts and minds of our fellow architects be ignited and inspired to keep the UAP spirit burning by actively participating in all the activities set forth by the organization. Encourage each one to learn new things through our CPD seminars, share their knowledge, share relevant experiences, and share expertise to further uphold professionalism and integrity in the practice of our profession.

Indeed, may this year’s assembly invoke stronger bonds from amongst our members to take pride and honor in being a Filipino architect. May assemblies like this deepen the teachings as one stay grounded on good values, create a sense of responsibility by giving back to the society, and feel supported by expanding oneself to create new and better relationships.

Mabuhay tayong lahat! Mabuhay ang Arkitektong Pilipino!

AR. FIDEL JOSE R. SIAPNO, EUAP, FUAP, ASEAN ARCHITECT†
Board Member, Professional Regulatory Board of Architecture,
Professional Regulation Commission
Welcome to the 4th Joint Area Assembly 2017 in Laoag City, the City of Lights and the capital city of Ilocos Norte. It is my great pleasure to extend my warmest greetings to everyone attending this event.

Themed with "BUKLOD: Transcending Unity Within," the assembly will surely mark an important milestone and accomplishment of our organization. "BUKLOD" is a deep Tagalog word for unity and this is to ensure that camaraderie and unity are present at all times. Thus, I am encouraging everyone to come as one, in heart, in mind and in purpose, not just for the betterment of our profession but also for the continuous greatness of our organization.

I appreciate the fact that we are offering combined effort, unreserved contributions and support, to help the present administration to achieve its goals and priorities. I am certain that we will achieve our humble success. We are strong alone and unstoppable together.

The event is a guaranteed success, and in advance I would like to especially congratulate and thank the Organizing Committee and the UAP Secretariat for their hard work and sincere dedication.

Yet total success of our event depends on how everyone will participate. Let us brace ourselves, be prepared, and most of all, be united.

Maraming salamat at Mabuhay kayong lahat!

AR. GUILLERMO H. HISANCHA, FUAP, AA, APEC, AR
National President, United Architects of the Philippines
Greetings from the Office of the UAP National Executive Vice President.

I congratulate all the delegates and organizing committee of the Joint Area Assembly 2017 in Ilocos Norte. Truly this JAA 2017 will go down in history as one of the finest and wonderful Area Assemblies in one of the most memorable, scenic and historical places in our country.

While the UAP organization is pursuing the best intentions for their members, never have I sensed and felt the support and eagerness of the different chapters, commissions, committees and even the UAP National secretariat in planning and executing this administration’s programs for the year with much enthusiasm, excitement and urgency.

There is so much electricity in the air. From my travels around the country helping the chapters understand R.A.9266 and other related cases; to where our UAP stands now in relation to other allied professions, and the CPDs. I realized a deep appreciation of these UAP chapters wanting to join the bandwagon in protecting the profession. In fact, it looks like a ripple effect of chapters pushing their local government units at the sanggunian level for the adoption of R.A.9266 on their local level. This should be the case. And this is why I said change is indeed happening because last year was the time we focused on the local government units under NP Hisancha and had been very successful. The feeling is electrifying. The fact that recently, Malolos Bulacan and General Santos cities have passed various Sanggunian resolutions on the implementation of R.A.9266 and the Architectural permits by both the local chapters namely uap socskargen chapter with Ar. Michael Ang spearheading the campaign in his locality, and UAP Malolos Bulacan Chapter under Ar. Albert Dumlao have tickled me pink, coupled with the various cities and provinces our uap chapters have been successful as I went around the country meeting chapters and local government officials last year, is proof that not all is lost.
Another feeling of excitement I have observed is the dynamism of the various commissions, committees and even UAP members from all walks of life, wanting to volunteer their services for the UAP national, and starting as early, way, way early than the PADAYON Inaugural. This has been exceptionally observed, not just by me but also other national officers. The signs says there is trust in the administration. THERE IS DESIRE TO SERVE. THERE IS CHANGE HAPPENING. Even some chapters have a lot of members wanting to serve! Truly heart-warming and well deserving. The atmosphere even at the UAP National office is so infectious that the UAP National Secretariat is even going out of their way to make things comfortable, accessible and convenient for the officers and members. Again, I believe it is harmonious relationship coupled with the work ethics the UAP national officers show that activities are built on trust and confidence.

If other chapters have observed the vision and mission of the UAP elected officers under NP Hisancha, the direction is very clear to us. UNITY, ACCOUNTABILITY AND PROFESSIONAL EXCELLENCE. I, myself will perform and set the example, according to the instructions of the national president, to show the various chapters and commissions and committees HOW we can have R.A.9266 adopted in the local government units; also to execute the CPD programs and encourage chapters, districts and committees to do CPDs OF THE MEMBERS AS A SERVICE in their GMMs and not for any other purpose; and lastly, make the CPD programs under the Commission on Professional Development and the Committee on Professional Development felt BY THE MEMBERS as a service and not as a business. This CPD programs should be affordable, accessible, convenient and not difficult FOR THE MEMBERS. In fact, in the GMMs they are literally FREE.

The level of urgency felt by the members is unprecedented lately on what UAP NATIONAL is now doing for the organization. The inaugural message of the National President, the awarding of PRC to UAP as the Outstanding Accredited Professional Organization for 2017 and the work we put in to make UAP National reach out TO THE MEMBERS such as this JAA, the UAP Publications, UAP Posts, membership care and concerns of the CIA, PDC and CPD’s are just some proofs that we are on the right track, we are committed to the members and we are all one family. One of these days the soonest, UAP National Headquarters will have a monthly CPD so any members can just walk in and join seminars and earn points.

I encourage all the chapter members to support and enjoin the national organization and this Joint Area Assembly and uplift the profession. My heartfelt thanks to Executive Director for Commission on Conventions, Exhibits, and Assemblies, Ar. Tony A. Valdez and to JAA Chairperson, Ar. Arniel Caesar H. Idos for their undying commitment to serve well in the UAP organization.

Mabuhay ang Arkitektong Pilipino!
Mabuhay ang UAP!
Mabuhay ang Joint Area Assembly 2017!

[Signature]

AR. BENJAMIN K. PANGANIBAN JR., FUAP, APEC, AR, AA
National Executive Vice President, United Architects of the Philippines
My warmest greetings to all the delegates, our dear sponsors and guest for this special event of our Joint Area Assembly with a theme “BUKLOD” a unique and meaningful word for us in the UAP Areas.

It is indeed a great pleasure to be part of the host Area, this year’s joint assembly is a collective effort of the assembly team. The activities aim is not only to provide seminars required to renew our professional license but to donate books and other reading materials to the Marawi kids who are the real victims of the not yet concluded conflict.

In behalf of the dedicated and energetic District Directors of Area A, their respective Chapters and with a special mention to the host chapters of the north, I assure you that we give our best effort in realizing our assembly’s theme. Also, it is my wish that we will be one in our pursuit of unity and excellence, strengthen our ties with the members and one whole team bound by the common goal which is professional excellence.

Mabuhay ang UAP AREA A! Mabuhay ang UAP!

AR. JESSIE D. AVILA, UAP
Area A Vice President, United Architects of the Philippines
Warm Greetings to all my fellow Architects...

This Year’s Joint Area Assembly’s theme: “BUKLOD – Transcending Unity Within” is a very strong affirmation towards our National Administration’s Trust: Unity, Accountability and Professional Excellence.

Your coming over to this gathering is an unmistakably unspoken expression of support as well as your taking Pride to our organization.

As you come to this event, let us all take advantage of the various activities carefully prepared by our Organizing Committee and have the chance to listen to our distinct speakers of our CPD Seminars, Join the Tours and explore the very rich Heritage of Ilocandia and take advantage of the opportunity to reconnect with colleagues and industry partners as we gather around. Our fellowship night at the sand dunes will surely offer an almost numinous experience to all.

My CONGRATULATIONS to the organizers headed by Executive Director Antonio A. Valdez, JAA Director Arniel Caesar H. Idos and the whole OrCom Team, for their hardwork and dedication to ensure full success of this event. To our Sponsors and supportive friends in the Industry our highest appreciation.

In behalf of my home chapter- Legazpi, together with the 5 dynamic Districts of Area B and its Chapters, Let me wish everyone a productive and fun filled JAA!

Mabuhay ang Arkitektong Pilipino! Mabuhay ang UAP!

AR. REYNALDO S. ACOSTA, FUAP
Area B, Vice President, United Architects of the Philippines
The holding of the Joint Area Assembly 2017 in Laoag City marks a momentous event where the different Architects nationwide will assemble in one of the scenic and historical place of the country to discuss and tackle issues and concerns affecting the practice of our organization. It is but appropriate to work on an environment with fresh air from the city’s hills and mountains and from the tides of the rolling ocean.

With the theme: “BUKLOD: Transcending Unity Within” I congratulate all the delegates who in one way or another join and participate in this event designed to foster camaraderie and beseech organizational relationship. The unity that we have exemplified all along shall be made as the bonding force that will safeguard and protect against constraints and perils in the practice of our profession. It will also be the force that will endeavor us to be patronized as designers and planners and seek recognition of our identity as architects according to the laws of the land.

Let us not waver nor succumb to the incapacity of the state to recognize the essence of the provisions of our law which we have been prayerfully struggling for its implantation. Instead, let us continue to seek guidance and fervors until our endeavors will be finally gratified.

Mabuhay ang Arkitekto!

AR. MOISES ABELLERA, UAP
Area C Vice President, United Architects of the Philippines
It is with great pleasure that greet all the architects who have to participate in this UAP Joint Area Assembly with the theme: BUKLOD—Transcending Unity Within to be held in Ilocos Norte on October 20-21, 2017.

May this affair bring forth new meaning and success in our professional practice and broaden our friendships with fellow architects from the north and south of the country. With the many challenges we are confronted with, may this event be a venue for an interchange of ideas for the betterment of our profession and keep us strongly united and stable.

My heartfelt congratulations and raise my hat and salute to the JAA organizers, Executive Director Tony Valdez, JAA Director Ar. Arni Idos and the whole organizing team for a job well done. Without your enthusiasm, efforts and commitment this activity would not have been possible. Congratulations once again and I pray for the success of all your future endeavors.

Mabuhay ang Arkitektong Pilipino!

AR. TRINIDAD G. SALIGUMBA, UAP
Area D Vice President, United Architects of the Philippines
Extending my welcome to you for attending the UAP Joint Area Assembly 2017 in one of the cities of the north rich in historical and cultural flavors, Laoag City, Ilocos Norte!

A lot of Arkitektong Filipino resides and works in different regions, not only in the Philippines but also in other countries as well. With the national event like JAA 2017, it becomes a common ground for bringing together Filipino architects from around the world which fits to the theme “BUKLOD: Transcending Unity Within.” Professional camaraderie unites the organization and as part of its advocacy, unity should be exemplified by the National down to all its Chapters. This will strengthen UAP to achieve goals and serve better for the benefit of all Filipino Architects.

Keep the spirit of teamwork and unity alive in the United Architects of the Philippines!

To my colleagues in Architecture, other delegates, as well as to the Organizing Committee, allow me to express my sincere gratitude to all for preparing and participating to make JAA 2017 a success!

Mabuhay ang Nagkakaisang Arkitektong Filipino!

AR. RENATO A. HERAY, FUAP, AA
Secretary General, United Architects of the Philippines
Warmest greetings to all!

Our financial calendar for the second quarter involves three main programs: 1) The implementation of our Continuing Professional Education (CPE) and Continuing Professional Development (CPD) Programs (2) Familiarization of our membership to our Architects Information Management (AIM) database software program; and (3) Public information campaign and public awareness on RA 9266 in partnership with Local Government Units (LGU) thru the Philippine League of Councilors (PLC).

We recognize the need to consolidate all professional information of our membership to better service and monitor everyone. With the use of a new database software program in the form of AIM (Architects Information Management software program acquired in 2015), we hope to achieve this feat with your help. We intend to disseminate awareness thru our Chapter Presidents the use the program, to get each member on board.

To better provide you with quality service, your UAP Staff has undergone job evaluation and shall be rated on their annual performance, by all current NBD/Executive Directors and Commission Chairmen.

Together, let us build a better UAP by supporting and engaging with each other in the digital world. Have a rewarding and fun-filled JAA in Laoag, Ilocos Norte.

AR. PAMELA N. AMADOR, FUAP, AA  
National Treasurer, United Architects of the Philippines
In behalf of the UAP National Board of Directors, I welcome all architects, business partners, sponsors, guests and visitors to this year’s Joint Area Assembly here in the beautiful province of Ilocos Norte and the City of Laoag.

“BUKLOD: Transcending Unity Within,” is reflective of the architect’s continuing struggle for the appropriate recognition and respect in accordance with the internationally accepted role of the architect in the design and construction industry as well as in nation building. It’s been said that “united, we stand – divided, we fall,” thus, it’s apparent that unless we truly have a united front, our struggle will be futile and our efforts wasted. I therefore call on all architects to do their share, no matter how small or insignificant it may seem, and contribute to our efforts to achieve our long-cherished dreams, goals and objectives.

On the lighter side of things - come on, let’s explore and enjoy the beauty of Ilocos Norte and what the City of Laoag has to offer. Let’s all have an adrenalin boosting adventure via the sand dunes, sand boarding, all-terrain vehicle rides, the windmills and lastly, pay homage to the historic Paoay Church.

Congratulations are also in order to the Area Vice-Presidents and to the members of the JAA Organizing Committee for their collective effort to ensure the success of this activity. God bless!

Mabuhay ang UAP. Mabuhay ang Arkitektong Pilipino.

AR. ELDRED CAESAR I. TAN, FUAP
National Auditor, United Architects of the Philippines
My warmest greetings to all officers, participants, committee, guests, and sponsors of this year Joint Area Assembly slated on October 20-21, 2017 in the City of Lights.

The theme of this year’s event, “BUKLOD: Transcending Unity Within” speaks much of the oneness and harmony for a common goal. When we act in unison with one another the strength increases thousand-fold.

Each year, every administration faces new challenging time, the important formula is that we, as one unified Organization be able to resolve and surmount it in a most valuable manner.

Being the Immediate Past National President of UAP, I am still encouraging the officers and members of our Organization to do good and be of service to our beloved Organization.

My heartfelt and sincerest congratulations to the Organizing Committee, the UAP Secretariat, my fellow Officers and Members for your priceless contributions and untiring support. It is my renewed hope that the UAP’s noble objectives be rewarded with much united and fruitful years of existence as we guided by the principles of dignity, accountability and integrity as a prime organization of Architects.

Mabuhay ang UAP!

AR. MA. BENITA OCHOA-REGALA, FUAP, AA
Immediate Past National President,
United Architects of the Philippines
The warmest of greetings from the College of Fellows to attending architects of the United Architects of the Philippines as you participate in the Joint Area Assembly in Laoag Ilocos Norte from October 20 to 21, 2017 centered on the theme “Buklod : Transcending Unity Within.”

The theme of the Assembly, “Buklod” or unity is an important aim for all in the organization as it is a door that leads to understanding resulting in vibrant collaborations and allows for inspired work within all aspects of the UAP and beyond. The College will continually participate in this significant context of collaborative endeavour to remain consistently relevant and contributing to the UAP and its membership. To be a consistent participant in a unified and active UAP requires from all a sense of responsibility and level of performance to be a reliable and effective professional and part of the organization.

The College salutes and congratulates the Joint Area Assembly organizing committee for their effort to undertake this activity.

We wish all a successful and productive event. Mabuhay and UAP!

AR. MARIA LISA SANTOS, FUAP
Chancellor, College of Fellows
My warmest greetings to the participants, guest, organizers and sponsors of the UAP Joint Area Assembly 2017, I humbly acknowledge all undertakings and difficulties of the organizers in planning this event in Ilocos Norte.

The UAP Joint Area Assembly 2017 is another nationwide convergence of officers and members from the four geographical areas of the organization - Area A, B, C and D. This time with its theme “BUKLOD, Transcending Unity Within”, it is timely that we gather once again and go and experience beyond the range of limits. The organizer pointed out sites where the participants will conduct a tour on it during the Joint Area Assembly event to discover the development of the area and how’s the cultural treasures, the beaches, how the old meets new, how Ilocos Norte going green, the World Heritage, the people and it’s architecture --- but with the full support, cooperation and hard work extended by the officers and members of the host chapter, Ilocos Norte Laoag City Chapter, the organization, the organizing committee, the AVPs, the UAP secretariat and our dedicated National President, we can only expect another memorable and remarkable event.

We acknowledge and thank all our generous sponsors and friends, members and chapter presidents from all four areas - in making this event possible.

We thank our almighty God, for his generous blessings and merciful grace showered upon each and every one of us.

Congratulations to all! Mabuhay ang UAP!

Sa ARKITEKTONG PINOY, PANALO!

AR. ANTONIO A. VALDEZ, FUAP
Executive Director
This year’s Joint Area Assembly theme is BUKLOD: Transcending Unity Within, and our battlecry, SAMA SAMA, ‘ DI KANYA KANYA.

This mid-year gathering aims to ignite collaboration and intensify camaraderie within the very core of our organization, the chapter level, transcending Area-wide oneness, all for the love of our dear profession.

Although slated only for two short days, our Committee has prepared very informative and timely seminars in Heritage Conversation and Green Architecture as main topics. We have also organized breath-takign tours that showcase the best of Ilocos Norte. Not to be missed is the Fellowship Night in honor of the hundreds of delegates coming from various parts of the country which is a great event to cap the hectic todays with endless entertainment. We hope that these will prove to be a memorable and fulfilling experience for all of you, and we aspire to put lasting smiles in all our delegate’s faces. After all, we value the strength of togetherness in fulfilling the goals and accomplishing definite results, which will be appreciated for many years to come.

None of these would be possible without the help from our friends in the industry who generously assisted us jumpstart this event. We would also like to extend our appreciation to our National President Guillermo Hisancha, together with the National Board, for their unwavering trust and support to the committee, and for giving us freehand to deliver an epic experience we hope everyone will remember. And lastly, to the members of JAA Organizing Committee who made all tasks seem like a walk in a park in spite of all difficulties. Working like a single organism, we surpassed everything, at their highest and lowest moment, and no matter what, we remained as ONE. In the beginning, I only hoped to form an incredible team who will take on the job on hand. But in the end, I gained a loyal and supportive family, and to them do I give my utmost respect.

To all our delegates......
Earn (CPD Points)
Learn (from the seminars) and
Yearn (for the revelry) in your stay
in this illustrious place, our
second home, the Ilocandia

Have fun guys...
This is your privilege...
This is United Architects of
the Philippines...
This is JAA2017...
Prepare to be amazed!

AR. ARNIEL IDOS, UAP
JAA 2017 DIRECTOR

Philippine Green Building Initiative
GREEEN™ ADP + AA  American Society of Heating Refrigerating & Air
conditioning Engineers Philippines Chapter
Associate Member

International Council on Monuments and Sites, Member

Michaela Rosette M. Santos received her Bachelor of Science degree in Architecture at the University of Santo Tomas in 1994. She recently obtained her Master of Architecture degree in Architectural Heritage Conservation at the University of the Philippines Diliman and has been a registered Architect since 1998.

She is the Vice Chair for GREEEN™ Certification System of the Philippine Green Building Initiative (PGBI), an organization of professional organizations. Together with green-minded professionals, she promotes a Philippine-based green building rating system known as GREEEN or Geared for Resiliency and Energy Efficiency for the Environment. She is a pioneering GREEEN Accredited Design Professional and Accredited Assessor.

She is a LEED® Accredited Professional (LEED AP) for Building Design and Construction (BD+C). LEED or Leadership in Energy & Environmental Design is a third party certification program by the US Green Building Council that encourages and accelerates global adoption of sustainable green building practices through a suite of rating systems and implementing strategies.

She is a sustainability consultant for various LEED and GREEEN projects in the country; a lecturer at the Department of Architecture of Holy Angel University in Angeles City, the University of the Philippines Diliman, College of Architecture, and the UAP Center for Career Development, where she helps prepare aspiring architects to become registered professionals.

CPD Seminar 3: Memory and Climate as Roots of Architectural Form

Ar. Dominic Q. Galicia, UAP
Principal Architect, Dominic Galicia Architects
Dominic Galicia Architects is a design-oriented practice whose work has been recognized for its sensitive attention to both concept and detail.

Ongoing projects include the 20,000 square meter National Museum of Natural History, in Rizal Park, Manila; the 5,000 square meter Manuel and Socorro Fong Sports Center in Xavier School Nuvali; hotels in Bacolod, Baguio and Banaue, as well as religious structures in Cavite, Palawan and Makati.

Completed projects include Magallanes Church, in Magallanes Village, Makati; The Mondrian Residences, a high-rise condominium in Alabang; Summit School in Fort Bonifacio; The Picasso, high-end boutique serviced residences in Makati; Immaculate Heart of Mary Parish Church in Fairmount Hills, Antipolo; the interior design of the Parish Church of St. Benedict in Ayala Westgrove Heights; the renovation of Santo Nino Church in Tacloban, Leyte; Loyola Chapel and Columbarium in Sucat, Parañaque; the adaptive reuse renovation of Herald Building in Intramuros, Manila; and the 10-hectare Hyundai Logistics Center in Calamba, Laguna.

Dominic Galicia obtained his professional degree in architecture in 1988 from the University of Notre Dame, Notre Dame, Indiana, where he was a Notre Dame Scholar. In June 2005, he received a University of Notre Dame Distinguished Asian Pacific Alumni Award. He also studied architecture for a year at Notre Dame’s campus in Rome, and pursued graduate studies in architecture at Pratt Institute in New York.

He is a licensed architect in the Philippines. Until his return to the Philippines in the late 1990s, he maintained a license to practise architecture in New York State.

Although a modernist by philosophy, he is deeply concerned with the conservation of significant architectural sites. He represents the Philippines in the International Scientific Committee on Twentieth Century Heritage (ISC20C) of the International Council on Monuments and Sites (ICOMOS). He was president of ICOMOS Philippines from 2014 to 2017. He helped guide the public-private initiative to revive Escolta, Manila’s historic downtown, as an adviser to the Escolta Commercial Association Inc. (ECAI) from 2011 to 2013. He has served as Vice President of the Heritage Conservation Society (HCS), and for two three-year terms, he represented HCS on the Executive Council of the National Committee on Monuments and Sites (NCMS) of the National Commission for Culture and the Arts (NCCA).

CPD Seminar 4: How Projects Benefit From Using Green Coatings
Encasement Versus Removal and Replacement

Mr. George C. Keeffe
Environmental Coatings Consultant - CEO and Founder, Global Encasement Inc.
George C. Keefe is the CEO and founder of GLOBAL Encasement Inc. (GEI), an international, Pro-Planet corporation that provides green coating solutions for tough building challenges.

Also known as Encasement Guy, Keefe is a consultant, lecturer, author and technical writer. His expertise stems from over 40 years of hands-on experience with the coatings, painting, specialty contracting, indoor environmental remediation, risk management and specification writing. Mr. Keefe founded, GLOBAL Encasement, Inc. (GEI), a pro-planet company in 1994. He developed green encasement coating systems for application over asbestos and lead based paint at a time when there was the worldwide backlash against the use of asbestos as a building material. He often found himself on jobsites where there was an overreaction to asbestos, even though the useful building material was in good shape doing what it was originally intended to do. He found the same with Lead-Based Paint and solid PCB’s (polychlorinated biphenyls) that are also major health issues when released into the environment. He knew all these materials and others could be easily and safely in-place managed with tested green coatings.

Drawing from his experience in dealing with toxic/hazardous building materials, Keefe authored the book “Just Encase They Think You’re Stupid“, a guide for Managing Asbestos and Lead-Based Paint. He has also published numerous technical papers on applications for encasement green coatings, waterproofing and roofing issues.

Mr. Keefe is considered one of the pioneers and leading experts on “In-Place Management” as a primary alternative to removal and replacement. He believes and has consistently proven that not only hazardous materials such as Asbestos, Lead-Based Paint & solid PCB’s can be safely managed in-place but many other building components including roofing can be restored instead of being removed and replaced.

This proven method of restoration and in-place management is sound logic and backed up by science. Mr. Keefe knows that not only does recycling building components stop the unnecessary generation, transportation and storage of unwanted waste but also turn these surfaces green, sustainable and often better than new.

CSR PROJECTS

"Book-Load"

loads of love, hope, joy and future to the children who came across the battle, siege and crisis of Marawi.

BUKLOD
Transcending Unity Within

#UAPJAA2017
CSR Project in collaboration with UAP Bayanihang Arkitektura and UAP Emergency Architects

"BOOK-LOAD"
A Mobile Mini Library for the Displaced Children of Marawi
Minimum Donation of P2,500.00/Chapter

Chapter Presidents kindly refer to Email Memorandum Circular 08 S. 2017 for details.

Joint Area Assembly #UAPJAA2017
October 20-21, 2017 Ilocos Norte

A project which will furnish and operate a mobile truck library roaming around the streets of Marawi that would serve as a signal for children to come out on streets loading knowledge, loading experience from this “book-load” project.

UAP is working to spread the project in all LGUs nationwide in collaboration with UAP Bayanihang Arkitekto and UAP Emergency Architects.
"Luntian-Muli"

green it back to life. Spreading green is the goal for multiple holes. One tree can make a big difference. What more of a thousand?

Joint Area Assembly #UAPJAA2017

October 20-21, 2017
Ilocos Norte

#UAPJAA2017
CSR Project

"LUNTIAN-MULI"
2,000 Seedlings for the Reforestation of
Nueva Era, Ilocos Norte and
2,000 seedlings for each UAP Area for their own Tree Planting Activity

Two thousand seedlings for two thousand and more breathtaking green spaces. A UAP project for the reforestation of Nueva Era, Ilocos Norte and each UAP Area for their own Tree Planting Activity.

As architects, we take off a portion of green space to replace it with concrete and steel; Now is the time to green it back. Cultivate, spread and design with nature. Plant and Build Green.
